Student's Feedback for Teaching Learning

(Session 2022-2023)

Feedback is a key element of the incremental process of ongoing learning and assessments. Providing frequent and ongoing feedback is a significant means of improving achievement in learning. Student's feedback has become an extensively used method to assess and enhance the effective teaching along with bringing change in overall ambiance of the college. Keeping this view point in mind feedback form was filled by students on teaching learning process. From analysis it was found that majority of the students strongly agree to the fact that the teacher communicates clearly and possesses deep knowledge of the subject, guides the students for higher academic pursuits and career advancements, relates the course material with real world situations, is helpful and friendly towards students and has professional competence and is a role model for them.
