

## Literary Society:

The aim of the literary society is to inculcate among students a love for language and enhance their literary skills. We encourage our students to become affluent orators so that they can display their intellectual and imaginative skills through their loquaciousness. The society aims at not only refining the literary skills of the students but also developing in them logic and curiosity to know more and to instil in them a confidence to speak well. It is a club made for people who love literature and want to share their experiences, readings and thoughts with others who have the same interests and talent.

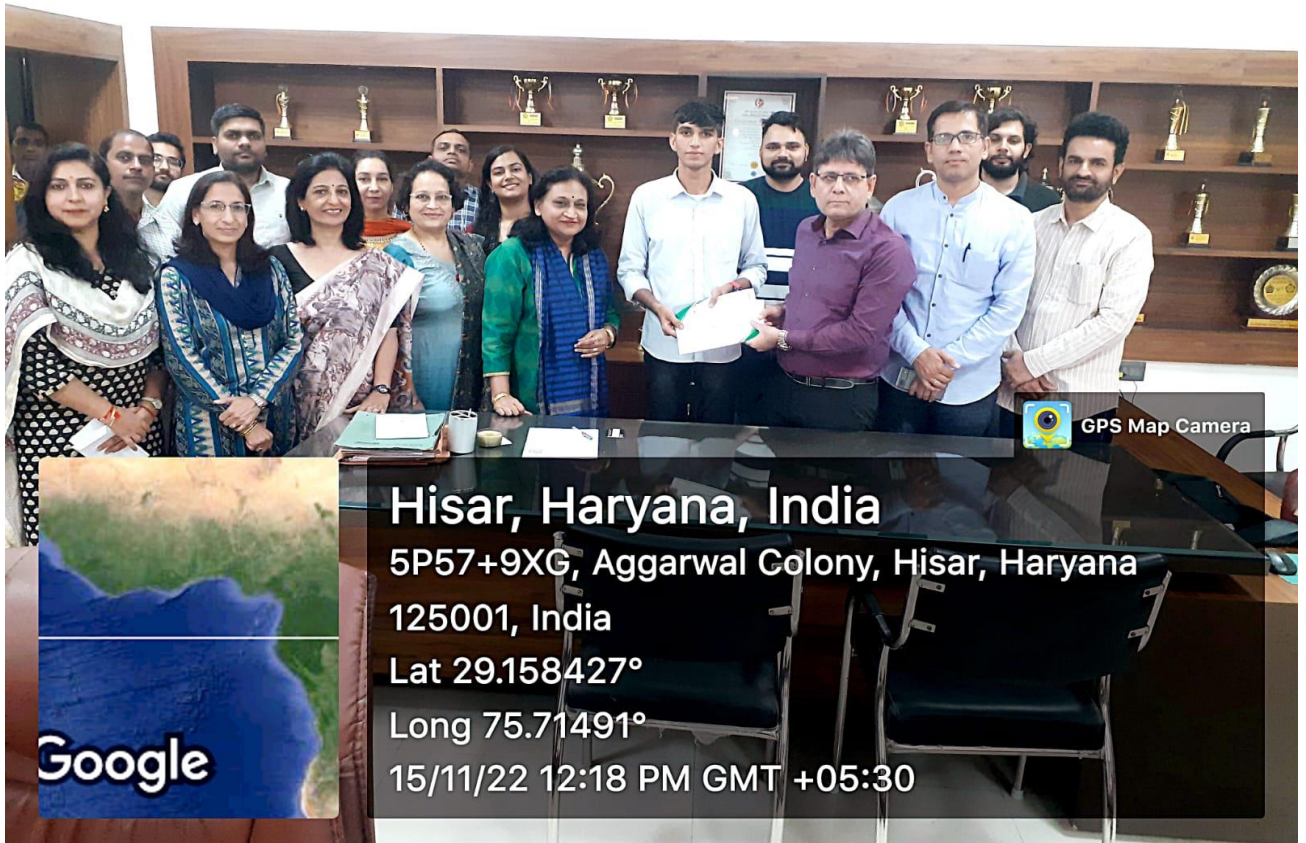

The literary society organizes various competitions both literary and argumentative i.e., debating, quiz, Collage etc.
